Sit back, relax and enjoy this nostalgic treat while we explain how EducationQuest can help your students find Nebraska-based scholarships.

All they have to do is visit ScholarshipQuest at www.educationquest.org. This online scholarship search program has over 1,300 local and statewide awards.

It's easy!
After completing a brief online profile, students receive a list of scholarships that match their criteria. The program saves the profile for future use.

It's free!
As a nonprofit organization, we developed ScholarshipQuest to help Nebraska students access higher education. It contains no ads or pop-up windows.

It's accurate!
We verify and update all scholarship information every year.

Bookmarks for your students
Give these ScholarshipQuest bookmarks to your students to remind them where they can find a "bit-o-money" to help pay for college! Email sq@educationquest.org to order more bookmarks!
