

University of Nebraska – Lincoln

Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) American Rescue Plan (ARP) Reporting Requirements for Quarter Ending: June 30, 2021

CRRSAA Background

The Higher Education Emergency Relief Fund II (HEERF II) is authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), Public Law 116-260, signed into law on Dec. 27, 2020. In total, the CRRSAA authorizes \$81.88 billion in support for education, in addition to the \$30.75 billion expeditiously provided last spring through the Coronavirus Aid, Recovery, and Economic Security (CARES) Act, Public Law 116-136.

The CRRSAA requires that an institution receiving funding under section 314(a)(1) provide the “same amount” in financial aid grants to students from the new CRRSAA funds that it was required or which it would have been required to provide under its original CARES Act Student Aid Portion award.

the CRRSAA requires that institutions prioritize students with exceptional need, such as students who receive Pell Grants, in awarding financial aid grants to students. However, students do not need to be only Pell recipients or students who are eligible for Pell grants. In addition, the CRRSAA explicitly provides that financial aid grants to students may be provided to students exclusively enrolled in distance education. Institutions may not (1) condition the receipt of financial aid grants to students on continued or future enrollment in the institution, (2) use the financial aid grants to satisfy a student’s outstanding account balance, unless it has obtained the student’s written (or electronic), affirmative consent, or (3) require such consent as a condition of receipt of or eligibility for the financial aid grant.³ Institutions should carefully document how they prioritize students with exceptional need in distributing financial aid grants to students, as the Department intends to establish reporting requirements regarding the distribution of financial aid grants to students consistent with section 314(e) of CRRSAA. 9.

The expanded use of funds authority under the CRRSAA also applies to unexpended CARES Act funds: For their Institutional Portion CARES Act grants (CFDA 84.425F), institutions are able to use their remaining funds in the same way they are allowed to use their supplemental Institutional Portion funds under the CRRSAA. For their Student Aid Portion CARES Act grant (CFDA 84.425E), institutions may use their remaining funds to provide financial aid grants in the same way they are allowed to use their supplemental Student Aid Portion funds under the CRRSAA, including by providing such grants to students exclusively enrolled in distance education.

ARP Background

The Higher Education Emergency Relief Fund III (HEERF III) is authorized by the American Rescue Plan (ARP), Public Law 117-2, signed into law on March 11, 2021, providing \$39.6 billion in support to institutions of higher education to serve students and ensure learning continues during the COVID-19 pandemic.

ARP funds are in addition to funds authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), Public Law 116-260 and the Coronavirus Aid, Recovery, and Economic Security (CARES) Act, Public Law 116-136. Emergency funds available to institutions and their students under all emergency funds total \$76.2 billion.

The ARP has two new required uses of HEERF III Institutional Portion grant funds for public and private nonprofit institutions in which, if the Institutional Portion is not used entirely for emergency financial grants to students, a portion of funds must be used to: (a) implement evidence-based practices to monitor and suppress coronavirus in accordance with public health guidelines; and (b) conduct direct outreach to financial aid applicants about the opportunity to receive a financial aid adjustment due to the recent unemployment of a family member or independent student, or other circumstances, described in section 479A of the HEA.

The ARP provides a new formula for the amount of (a)(1) funds that must be used for financial aid grants to students. This amount is represented in the “Student Aid Portion” column listed on the ARP (a)(1) allocation table and explained in the accompanying ARP (a)(1) methodology document.

Eligibility To Receive Emergency Financial Aid Grants to Students Under HEERF (May 14, 2021, 86 FR 26608) (final rule), the term “student,” for purposes of the phrases “grants to students,” “emergency financial aid grants to students,” and “financial aid grants to students” as used in the HEERF programs, is now defined as any individual who is or was enrolled (as defined in 34 CFR § 668.2) at an eligible institution (as defined in 34 CFR § 600.2) on or after March 13, 2020, the date of declaration of the national emergency due to the coronavirus (85 FR 15337). Thus, students are no longer required to be eligible for Title IV student financial aid in order to receive HEERF grants to students.
